

# DR. BANSI DHAR SCHOOL

**Knowledge Moulds Destiny**

**CBSE Affiliated, Co-educational, English Medium,  
Senior Secondary School**

**Promoted by: Sir Shriram Social Development Society  
(Regd. 60227/2007)**

## FOUNDERS

**Hon'ble  
Sir Shriram**

(27 April 1884 to 11 January 1963)

Sir Shriram was an eminent philanthropist, an outstanding industrialist, trend setting visionary leader, possessing a rare business perception and an uncommon entrepreneurial acumen. Sir Shriram went on to build one of the largest empires in India – the DCM group.

He championed the cause of education in the country by setting up famed educational institutions – Shri Ram College of Commerce and Lady Shri Ram College among others. He was knighted by the British Govt. for his distinguished career as a business tycoon and spirited philanthropist. Continuing legacy, Sir Shriram Social Development Society has taken on the mantle of carrying forward the task of empowering today's children with the knowledge of excellence.

**Hon'ble  
Dr. Bansilal Dhar**

(March 1930 to June 2004)

Dr. Bansilal Dhar, born in March 1930, was the grandson of Sir Shriram, founder of the D.C.M. Group of Industries. He completed his schooling from The Doon School, Dehradun and St. Columbus School, Delhi. He graduated from St. Stephens College, University of Delhi with a Bachelor of Science degree. He studied Management and Business Economics from Hoeferlin Academy for Professional Education in erstwhile West Germany and further studied at Harvard Business School, U.S.A. Finally, he received his doctorate degree from the University of Agra. Dr. Bansilal Dhar was the Chairman and Managing Director of DCM Limited and of Hindustan Vacuum Glass. He was also Director on the boards of Jay Engineering Works Ltd., Shriram Refrigeration Industries Ltd., Shriram Pistons & Rings Ltd., Usha International Ltd. and Kothari Sugar & Chemicals Ltd.

The Chairman of Sub-committee on Heavy Chemicals Fertilizers and Pesticides for 6th five-year Plan of U.P. Govt. and Member of Indian Sugar Industry Inquiry Commission and Development Council of Sugar Industry are included as his other volumes of achievement.

Dr. Bansilal Dhar is recognized as a patron of quality education in the capital city; his efforts in the development of Shriram College of Commerce, Indraprastha College and Lady Shriram College are truly commendable.

## History

The year 1968 dates back to the origin of **Dr. Bansi Dhar School**, earlier chronicled as **Shriram Vidyalaya**, a primary school with Hindi- as its medium of instruction.

With sheer perseverance of the management and staff in pursuit for academic excellence and character building, the school metamorphosed to a **Senior Secondary School in 1988** and conjured laurels not only in academics but also in athletics and other Co-Curricular activities.

The year 2008-2018 was the golden age for our school. In two decades, the school made a praise worthy transition, as it got affiliated to CBSE Board with the name – **Dr. Bansi Dhar School**. A well-groomed English medium co-education school.

DBDS is well acclimatized to all modern amenities like Digital Classrooms, Art room, High-Tech Computer Lab, and well-stocked air-cooled library, fully equipped Science Labs, Language Lab and world-class sports complex.

## VISION

We are a leading school, providing World Class Education in a safe and supportive environment. We ensure learners' needs are supported, their perspectives sought and respected, and the inquisitiveness of young minds are valued and nurtured. We **aim to build and foster a community of independent life-long learners**

## MISSION

**Learning remains in the hands of the learner.** We support this belief and thus **our mission** is to ensure a stress-free, non-prejudiced, safe, and inspiring environment for the intellectual, academic, spiritual, moral, and physical development of the child, with the aim of producing disciplined persons that are able to confidently confront and excel in the opportunities and challenges of a complex and rapidly changing

Promote 21st Century Skills

Professionally competent and dedicated faculties

Digital Classroom

## Values

The ethos of Dr. Bansi Dhar School is to provide quality education with modern amenities. We ensure all students are given equal opportunities, irrespective of their socio-economic background.

## Academics

### Pre-Primary

At DBDS the tiny toddlers are welcomed to a warm and homely environment where they feel completely secure and happy with their 'Mother teachers'. The play-way method, Jolly phonics programme, the carefully selected range of toys and learning aids, the bright and spacious classrooms opening into enclosed garden spaces allows children to explore the world outside, A congenial environment to arouses the curiosity and open up the creative imagination of the little learners

### Primary and Middle School

Our curriculum is well designed to ensure learning opportunities for each child to develop analytical thinking, so they can voice their opinion and achieve high standards of living. Our key objective is to promote the framework of multiple intelligence by working across the various domains of a child's ability and talent. With this approach, teens develop their abstract thinking and become more participative in exploring and understanding their areas of interest across disciplines.

### Secondary and Senior Secondary

The curriculum and the teaching methodologies adopted by the school, focus on physical, intellectual and social development of students. We use innovative pedagogies to enhance cognitive abilities. We guide our students to align their passions with career paths and enter the working domain as global citizens, by inculcating values and fostering cultural understanding in an interdependent society.

## Beyond Academics

Pure Education is giving way to a broader perspective involving social and emotional learning that focuses on the overall development of student

DBDS is privileged to be associated with such guests like many renowned artists, subject experts and spiritual leaders, who with their real-life experiences and collaborative discussions play a vital role in enhancing learning process along with character building and other cultural attributes.

To mould the young boys and girls to become independent, respectful and compassionate human beings, we have purposefully designed various co-curricular activities like English & Hindi Debate, English Elocution, Creating writing, Art & Craft competition, Dance Movement Therapy, Sports Camps, Spic-Macey, Cultural Excursion, and Communal Associations like Parent- Teacher Interaction Day and visits to the old age homes/orphanages/religious places.

## Inclusive Education

The School is providing Inclusive education means all children in the same classrooms, in the same school. It means real learning opportunities for groups who have traditionally been excluded – not only children with disabilities, but speakers of minority languages too. Our educators work in collaboration with class teachers, subject teacher and parents to support learning, social emotional and behavioural aspects of special needs students

## Infrastructure

The School building is situated in lush green township of Shriram Nagar (DCM Colony). An aesthetically and professionally designed contemporary building of DBDS is spread over 6.7-acre land with spacious and pollution free environment. The entire campus is empowered by solar panels with modern and well-equipped classrooms, exhaustive library latest technology equipped labs DBDS promises an enriching lifetime experience.

## Facilities

### Sports Facilities

Sports and games curriculum are an integral and compulsory part of education process.

We have specially developed a sports environment that matches international standards and give a truly global experience to all our. The School has well maintained ground for Volleyball, Basketball, Hockey, Football, Cricket and Skating. Expert coaches are appointed for coaching and mentoring the children.

An indoor games facility is also available for Badminton, Table Tennis, Chess, Carrom etc.

### Laboratories

Practical knowledge is as important as theoretical knowledge.

Therefore, we provide our students Modern laboratories Biology, Chemistry, Physics, Maths, Language and Home Science labs are well stocked and equipped with latest technologies for overall development of students

## Testimonials by Our Interns

I am Hakima Mehna Afzaly, perusing 2nd year Bachelors of Liberal Arts in Asian Studies from Asian University for Women. I am an Afghan by birth and have lived and explored four other neighbouring countries Bangladesh, Pakistan, India, and Iran. I am passionate to know about women's rights and work for their rights, therefore, my major research papers from the classes I have been taking include Rights of Women In Asian Societies Role of Women in Religion and Social Changes

I am Jyoti Rehman, pursuing BA 2nd Year from Asian University of Women, I am a Bangladeshi by Nationality. Major research papers that I have contributed till date are Influence of Revolutionary Struggles in Shaping Power, Identity, and Resistance of Women in China. Syncretism in Bangladesh Telecommunications Industry in Japan

Electronic Sweatshops and the Issues of Human Rights in China. All of the above topics were of great interest and were challenging too. Doing these papers gave me an insight to culture of Japan, Bangladesh and China. This is my first visit to India, after this visit and internship program at DBDS, Kota Rajasthan, I shall be acquainted with Indian culture too. My other achievements include success in Language Competition, and The International Children's Film Festival of Bangladesh

Hi, I am Devin Chowdhury and I'm currently pursuing graduation in Psychology at the University of St Andrews in Scotland.

I have a passion for traveling and meeting new people from a wide range of backgrounds. It has helped shaped my perspectives and ultimately led me to pursue an international education at the University of St Andrews. Along, with exploring opportunities such as this one. At Dr. Bansi Dhar School, Kota, I was able to observe the education system with great depth, while having individual sessions with students that gave me insight into their perspective of their time in the class room. This led me to have a better understand of Indian culture and gave me an in-depth look into the lives of the future generation.
